

RESPONSIBILITIES

It is vital that you understand and accept that the information contained in the Report is merely a first valuation, provided for information only. Under no circumstances can the Report be considered as an alternative to consulting a professional who will be able to factor in other parameters which are not taken into account by the Website and which may influence the value of a property. For this reason, IP Belgium strongly recommends that you do not base your decision to sell or purchase a property solely on the basis of the Report.

Consequently you agree that to the fullest extent permitted by law, IP Belgium declines all responsibility towards you for the information contained in the Report and the use which you make of it. In particular, IP Belgium may not be held responsible for direct or indirect losses or damages such as a loss of profits, turnover, income, data, clientele or any other damages resulting from the content of the Report or the Use which you make of it. In cases where the law does not authorise disclaimers, you agree that, for any reason whatsoever, IP Belgium's responsibility towards you may not, under any circumstances, exceed the amount that you paid to IP Belgium for the Services.
